

This genealogical chart illustrates the lineage of the Vervier family, starting from 1510 and ending in 1697. The chart is organized into five horizontal levels, connected by vertical lines representing parent-child relationships. Horizontal brackets indicate marriages or cohabitation periods. The names of individuals are written in a stylized, all-caps font, often including their birth and death years or approximate dates. The chart shows a clear descent from Johan de Vervier and Catherine del Falize in the first level, through Jean de Vervier and Servais Vervier, to Jean Vervier de Maroux in the fourth level, and finally to Servais Vervier de Maroux in the fifth level. The chart also shows the marriage of Jean Vervier de Maroux to Marie D'amblevé in 1697.
